PANAMA CITY, Fla. — In observance of the Great American Smokeout (GASO), sponsored by the American Cancer Society, Tobacco Free Florida and DOH-Bay encourage tobacco users to make a plan to quit smoking on Thursday, Nov. 16.

The Great American Smoke Out raises awareness about the dangers of smoking and the many effective resources available to help smokers successfully quit.

Smoking remains the leading cause of preventable disease and death in Florida and the U.S.¹ On average, smokers die 10 years earlier than nonsmokers.² For every person who dies, at least 30 people live with a serious smoking-related illness.³ About 30 percent of cancer deaths in Florida are caused by cigarette smoking.⁴ Smoking not only affects one's health, it also impacts individuals financially. A pack-a-day smoker in Florida can spend more than \$2,100 in just one year and more than \$10,500 in five years.

As part of the Great American Smokeout, Tobacco Free Bay will be participating in two health fairs. The first is at Haney Technical Center on Tuesday, November 12 from 10 am – 2pm. The second is at the MLK Rec Center on Saturday, November 18 also from 10 am – 2pm.

Tobacco Free Florida's Quit Your Way program makes it easier than ever for tobacco users to access free tools and services to help them quit. More than 159,000 Floridians have successfully quit tobacco using one of these free services. For more information, please visit tobaccofreeflorida.com/quityourway.

Smokers can also access Tobacco Free Florida's online Cost Calculator to find out how much money they could save by quitting at tobaccofreeflorida.com/calculator.
