your community by*

# ANSWERING THE DOOR

Take the survey.

Everyone's voice and experience is important and we want to hear it! Your participation will help build better health programs for Bay County.

For more information, call 850-872-4455  
or visit [Bay.FloridaHealth.gov](http://Bay.FloridaHealth.gov) or Twitter  
[@FLHealthEmerald](https://twitter.com/FLHealthEmerald).

# **ATTENTION** **Bay County RESIDENTS** *You hold the power to better the health of your community by* **ANSWERING THE DOOR**

## WHY:

- When you make the time to take the Florida Department of Health in Bay County's (DOH-Bay) Survey, you are making your voice heard about the needs of residents.
- Make your voice heard about health concerns, needs, and practices.
- This will help build better health (such as mental health) programs for you and for present and future generations.

## WHAT:

- DOH-Bay is conducting a suicide-risk and health issues survey following Hurricane Michael.
- The objectives of this survey are:
  1. To assess the economic, physical health and mental health impact of Bay County residents post-Hurricane Michael.
  2. To assess the knowledge of and perceived barriers to accessing health resources among Bay County residents post-Hurricane Michael.

## ABOUT THE SURVEY:

- Has 35 questions; will take about 20 minutes to complete.
- Households were randomly selected in Bay County.
- Interview is completely confidential. No identifying information will be taken. Address is not recorded with answers.

For more information, call 850-872-4455 , visit [Bay.FloridaHealth.gov](http://Bay.FloridaHealth.gov) or Twitter [@FLHealthEmerald](https://twitter.com/FLHealthEmerald).
