Panama City, Fla. – The Florida Department of Health in Bay County (DOH-Bay) **is lifting the advisory for Lake Huntington from Bay View Avenue to Molitor Avenue.**

The advisory was issued on December 19 following a release of **11,250 gallons of raw sewage** due to rain over flowing a man hole at **1613 Wilmont Avenue in Panama City.**

Sewage contamination of water can expose swimmers to **intestinal viruses, bacteria, and parasites.** Swimming in the water may cause **symptoms like food poisoning** with vomiting and diarrhea. **Infection is possible in open cuts and wounds** that come in contact with the water.

For more information, contact the DOH-Bay's Environmental Health at 850-481-4806 or visit Bay.FloridaHealth.gov.

About the Florida Department of Health

The department, nationally accredited by the [Public Health Accreditation Board](#), works to protect, promote and improve the health of all people in Florida through integrated state, county and community efforts.
