### Before Your Appointment

Your appointment time is the time on your ticket. Tickets are sent to the email address provided. Please bring your ticket to your appointment if possible. To prove residency an adult resident must provide a copy of his or her valid Florida driver license or a copy of a valid Florida identification card.

Consent forms are available at [Bay.FloridaHealth.gov](http://Bay.FloridaHealth.gov). Those making an appointment are encouraged to review the consent information and consult with their healthcare provider before receiving the vaccine. If possible, please print and complete the consent form and bring it to the vaccination appointment.

Anyone who has allergic reactions that require an epi pen should bring it to the appointment. The CDC recommends deferring vaccination if you have received another vaccine in the past 14 days.
