

Back to School Shot Clinic

Monday, August 5—Friday, August 9

8:00—11:00 a.m.

1:00—3:30 p.m.

Bay County Health Department (Bay CHD)

597 W. 11th Street

Panama City, FL 32401

Each child must provide a Florida certification of Immunization (DH 680 form) for school entrance. Parents of Kindergartners through 7th graders are encouraged to review their child's immunization record to ensure they are ready for the upcoming year. Florida SHOTS online immune registry keeps track of immunizations once registered in Florida, regardless of where the vaccinations were done. You can request a copy at Bay CHD's office.

In addition to the required vaccinations, Bay CHD will also offer the optional protective immunizations that protect pre-teens and teens from HPV and meningitis.

For more information, call Bay CHD at 850-872-4455 or visit. Bay.FloridaHealth.gov. Visit ImmunizeFlorida.org to learn more about immunizations your child may need.
