Panama City, Fla.— Bay County received confirmation of one additional case of COVID-19, the novel coronavirus. The person ill with the virus is a 57-year-old female and a 46-year-old female. This brings Bay County's total COVID-19 cases to 95.

The Florida Department of Health in Bay County (DOH-Bay) is now conducting its contact investigation and working on identifying and notifying individuals who will need to self-monitor for symptoms for a 14-day period. Contact investigations are a critical way for staff epidemiologists to track and prevent the spread of disease.

The percent of those testing positive for COVID-19 in Bay County overall is 3%. Of the 3,591 tests processed, there are 3,493 negative results. There are three Florida resident deaths (3% of all cases) in Bay County from COVID-19. The total Florida resident hospitalizations count is at 13 (14% of all cases).
