Panama City, Fla.— The Florida Department of Health in Bay County (DOH-Bay) confirmed today that a 69-year-old man (case confirmed June 23), an 87-year-old woman (case confirmed July 14), a 72-year-old man (case confirmed July 18), a 44-year-old man (case confirmed July 20), an 86-year-old man (confirmed July 21), a 68-year-old woman (case confirmed July 23), a 77-year-old man (case confirmed July 24), a 74-year-old woman (case confirmed July 25), and an 85-year-old man (case confirmed July 25) passed away. Forty-five Bay County residents have died from COVID-19, the novel coronavirus.

DOH-Bay offers condolences to the families and will continue to work diligently with our community partners to prevent the spread of COVID-19. Please note that although these deaths are being reported today that does not mean these deaths occurred in the last 24 hours, rather, they were confirmed in the past 24 hours.

The Florida Department of Health continues to work to ensure all cases and deaths are reported expeditiously. Yesterday, a 55-year-old woman was reported to be a Bay County death. Through the course of the epidemiological investigation, this person was identified as an Escambia County resident, therefore the case information was subsequently corrected. It's important to note all data is preliminary and subject to public health investigation.

The Florida Department of Health in Bay County (DOH-Bay) received confirmation of 64 additional cases of COVID-19, including one non-Florida residents with 227 negative test results and a 21.7% percent positive for August 4. According to the Agency for Health Care Administration as of 10 a.m. today there are 80 persons in Bay County hospitals with a primary diagnosis COVID-19.

The age range for Bay County residents testing positive for COVID-19 for August 4 is 0-4 years (0), 5-14 years (2), 15-24 years (12), 25-34 (5), 35-44 (10), 45-54 (14), 55-64 (10), 65-74 (7), 75-84 (2), 85+ (0), and unknown (1).

Bay County's total case count is at 3,988 including 3,922 residents and 66 non-residents. Forty-five Bay County residents have died from COVID-19. There have been seven deaths associated with long-term care facilities. Bay County's overall COVID-19 positive testing rate is 16 percent. Of the 24,464 tests processed, 20,432 tests are negative.

COVID-19 Question of the Day

Are the new Bay County testing sites accepting walk-in clients?

To make an appointment, please visit walkonclinic.apacovid.com. While appointments are encouraged, walk-in clients are being accepted at both testing locations after 10:30 a.m. on Monday, Wednesday, and Friday and after 1 p.m. on Tuesday and Thursday. The locations are Frank Brown Park, 16200 Panama City Beach Parkway and Lynn Haven Sports Park, 2201 Recreation Drive.

Prevention

One Goal One Florida asks all Floridians to join this important initiative by following these simple, yet effective steps to mitigate and slow the spread of the virus:

1. **Protect the vulnerable**, including the elderly and those with underlying medical conditions
2. **Practice proper hygiene**, including washing your hands
3. **Practice social distancing**, avoiding closed spaces and crowded places
4. **Wear a mask**, if you are in close contact with others

Test Results

Bay County Testing Sites

To contact the testing lab to inquire about your results, please call (844) 625-6522 or email info@makomedical.com. You will **receive a text message** when your **results** are ready. You will **access your test results** through the same website where you registered for testing. Simply visit <https://walkonclinic.apacovid.com/default.aspx>, log-in, and there is a link to get results.

DOH-Bay

If you have been tested by DOH-Bay, **please answer** the call from the Florida Department of Health's COVID-19 results line at **(833) 917-2880**. They will ask for a name and date of birth to provide you with a negative test result. This number is legitimate and is a Department of Health sponsored initiative. Caller ID should identify the call as FL DOH. This will provide support to DOH-Bay so that we can focus on contacting positives persons and case investigations. Please note callers will not ask for social security numbers or medical information.

If you need physical copies of your COVID-19 test results, please follow the directions below:

Phone: Call (850) 872-4455 and follow the prompts to COVID test results prompts and request the status with the representative. You will be provided with the option to obtain your results in person (if negative) or electronically (negative or positive).

Office: If you come to our office, do not get out of your car. Please **call (850) 872-4455 and follow the COVID test results prompts**. Please let us know you are in the parking lot and we will **deliver your results to you in your vehicle**.

Email: You can make your request by emailing baymedicalrecords@flhealth.gov. After you complete the authorization form, you will need to respond with a picture of your photo ID and we will send your result to you via an encrypted email. The email must be viewed on a desktop or laptop PC as the encryption is not mobile friendly.

Additional Data

The state provides a report detailing surveillance data for every Florida county, which is available [here](#).

In order to make the daily COVID-19 report easier to download and more accessible, the daily report will now separate case line data in a separate PDF. Both reports will continue to be updated daily. The case line data report is available [here](#).

Florida long-term care facility data:

- The list of long-term care facilities with active COVID-19 cases is available [here](#).
- The list of long-term care facilities with deaths is available [here](#), which is updated weekly.

The antibody COVID-19 test results report will be provided once a week and contains county, race and lab information on antibody COVID-19 tests conducted in Florida. The report for antibody tests conducted by private health care providers is available [here](#) and the report for antibody tests conducted at state-supported COVID-19 testing sites is available [here](#).

The Agency for Health Care Administration added an additional tab to the [Hospital Bed Capacity Dashboard](#) to reflect hospitalizations with the primary diagnosis of COVID-19.

More information on a case-by-case basis can also be found [here](#).
