## Outcomes for Florida residents

**Bay**  
 Hospitalizations 9 (15% of all cases)  
 Deaths 2 (3% of all cases)

**Statewide**  
 Hospitalizations 4,599 (16% of all cases)  
 Deaths 969 (3% of all cases)

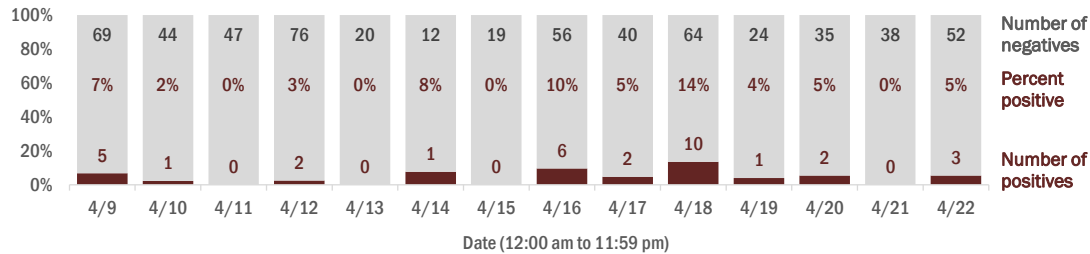

**Hospitalization** counts include anyone who was hospitalized at some point during their illness. It does not reflect the number of people currently hospitalized.

**Other race** includes any person with a race of American Indian/Alaskan native, Asian, native Hawaiian/Pacific Islander, or other.

## Laboratory testing for Florida residents and non-Florida residents over the past 2 weeks

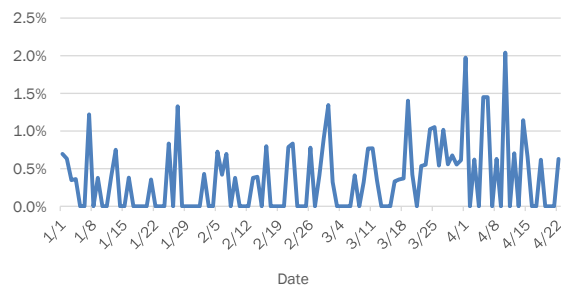

### Number and percent of positive labs

These counts include the number of people for whom the department received laboratory results by day. People tested on multiple days will be included for each day a new result was received. A person is only counted once for each day they are tested, regardless of whether multiple specimens are tested or multiple results are received. If a person has a positive specimen and a negative specimen in the same day, only the positive result is counted.

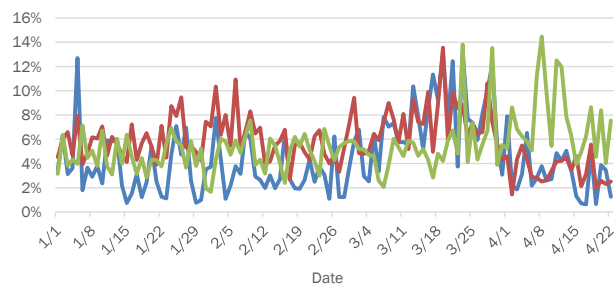

## Emergency department (ED) chief complaint and admission data for Bay County

### Daily percent of ED visits that result in cough-associated admissions

### Daily percent of ED visits that mention cough, fever, or shortness of breath

The Electronic Surveillance System for the Early Notification of Community-Based Epidemics (ESSENCE-FL) includes chief complaint data from 214 of 215 Florida EDs. Data are transmitted electronically to ESSENCE-FL daily or hourly.
